                            ◇ is User Login? ◇
```

YES / **NO**

- Display Dialog with Campaign Details.

We will divide all details in below Steps:
S1 - Select Campaign Type
S2 - Enter Address and check the nearby campaigns at the entered location.
S3 - User will enter Campaign Details.
S4 - Upload Image OR Video for Campaign.
S5 - Short Description for Campaign.

   - Submit Campaign for Approval.

- Display dialog for User Details like:

   - User name
   - Email
   - Mobile Number

We will create user using above details in ZED platform.

- User will redirect to the Campaign Dashboard

- Once Campaign successfully added, it will send to the Admin for the approval.

- Once Admin approved Campaign, Campaign will be published.

- User has to complete KYC Details from campaign Dashboard.
- User has to upload ID Proof Front and Back side Images.
- User has to upload Profile picture to complete the user profile. This will be helpful to increase the donations for the campaign.

NOTES:
- Admin can pause/stop the Campaign, If they find any misbehave related to the ZED policy.

Campaign Dashboard:
- User can promote created Campaign on Facebook, WhatsApp, twitter, Instagram.
- User can see the statistics related to Total Viewers, Donors and Funds.
- User can withdraw money and check the withdraw history. We will explain withdraw process flow in separate.
